Many of our educators, media specialists, school counselors, deans, custodians, bus drivers, food service workers, paraprofessionals, assistant principals, district level staff, etc. worked nights and weekends, aided students and their families with challenging logistical hurdles, and sacrificed much of their own time and personal expenses to ensure that the 2020-2021 school year afforded families options in the face of a worldwide pandemic. Employees who were actively employed on the last day of school, June 16, 2021, and were not included in the K-12 Educator Disaster Relief Payment will receive a one time bonus \$1,082.84.
