- A new state law was signed that public schools in Florida cannot require masks for students. As a result, masks are now optional for all students, and an opt out form is no longer required for families who do not want their child to wear a mask in school or on a school bus.
 - Students may still wear masks in school if their families wish, and masking is still strongly encouraged to prevent the spread of COVID in our schools and community.
 - ACPS will maintain its current masking protocols for employees and visitors until December 6, when masks will also become optional for those groups. At that time, the COVID-19 vaccine will be widely available for all age groups.
 - Under the new law, employees are also not required to quarantine after having contact with a positive COVID case, unless they have symptoms. However, quarantining is strongly encouraged for any unvaccinated person who is exposed to COVID and required for anyone with symptoms.
