Eligibility

All Alachua County Public Schools employees appointed to regularly work one-half time or more are eligible to participate in the tax-saving Flexible Benefits Plan. Eligible employees must be actively at work on the plan effective date for new benefits to be effective, meaning you are physically capable of performing the functions of your job on the first day of work concurrent with the plan effective date.

For example, if your 2022 Flexible Benefits Plan becomes effective on January 1, 2022, you must be actively at work on January 1, 2022, to be eligible for your new benefits. If you are not actively at work but return to active work status within ten working days from the plan effective date, your benefits will cover you on the first of the month following your return to work date. For employees on leave who experience a lapse in coverage, your benefits may be reinstated on the 1st of the month following 30 days of continuous work, if you request reinstatement. If not requested upon returning to work, you must wait until Open Enrollment and enroll in coverage to be effective in the new plan year.

PLANSOURCE®

PlanSource is the employee self-service, online portal for employees to enroll in all benefit plans. Once logged in, you will be able to see benefits offered to you and compare costs. Employees may view their current benefits and update beneficiaries year-round.

Current Employees: Annual Enrollment occurs every October. Coverage elected during Annual Enrollment becomes effective on January 1 and will stay in effect until the end of the plan year, unless you experience a qualified life event.

New Hires: All new employees eligible for benefits will have an opportunity to complete their benefit enrollment process, outside of the annual enrollment period. New Hire Enrollment must be completed within 14 days from the date you attended benefits orientation. You will default into the Opt-Out package and waive all voluntary benefits if you fail to complete your new hire benefits enrollment within your 14-day new hire window.

To begin your enrollment session, go to mybenefits.sbac.edu and enter your Active Directory information. This will bring you to the Welcome page. Click the "Get Started" button to begin.

Step 1: Review Profile

The * indicates a required field. Verify your Personal Information; if there are changes, you will need to contact Human Resources to make the necessary updates in your profile and with payroll.

Step 2: Review My Family

Add family members you will cover on any benefit or name as a beneficiary. Please double check spelling of names and verify dates of birth and social security numbers.

If you are enrolling a new prescription...

Contact your doctor and ask them to e-prescribe a 90-day prescription directly to Express Scripts.

OR send in a request by selecting "Forms" or "Forms & Cards" from the "Benefits" menu, print a mail order form and follow the mailing instructions.

OR call ESI at the Member Services number on your card and we'll contact your doctor for you.

If you are enrolling a current prescription...

The easiest—and safest—way to save money on prescriptions is to ask for a generic, which typically costs less.

Is there a generic for your medication? You can ask...

- Your health care provider. Check with your doctor or nurse if there's a generic for any medication you're prescribed.
- Your pharmacist. Before getting a prescription filled, refilled or renewed, ask your pharmacist if there's a generic alternative.
- Express Scripts. You can review your prescriptions and specific generics savings opportunities at express-scripts.com.

Over 85% of members receive their medications within 7 days. Longer delivery times may be due to additional correspondence needed with prescribers, medication availability and/or delivery times from the shipping vendor.

Health Reimbursement Account

www.wexinc.com

A **Health Reimbursement Arrangement (HRA)** is an IRS-approved, employer-funded, tax-advantaged health benefit used to reimburse employees for out-of-pocket eligible medical expenses. **If you are enrolled in either the Blue Options \$1,500 or \$2,500 Deductible Medical Plans**, the School Board of Alachua County will fund an HRA based on the schedule below.

Debit Card

The debit card gives you direct access to your HRA funds. Only enrolled dependents on your medical plan are eligible to access these funds. Due to IRS regulations, debit card transactions may need to be substantiated. Substantiation means validating a transaction to ensure the debit card was used for IRS approved items/services within the allowed time frame. Remember to keep all itemized receipts and provider documentation for your medical, dental, or vision expenses, in case the HRA administrator requests

documentation to substantiate one or more of your transactions. You will need to provide this and proof of payment. **If you do not provide the information needed, your debit card may be deactivated, and the funds may be added to your taxable income on your W-2.**

HRA Rollover Feature

Your HRA funds are available to rollover from year to year. The maximum rollover amount is \$5,000 from prior years. You will receive your current year's allocation as long as you continue enrollment in a medical plan that offers an HRA, up to \$5,500. Unspent funds in the HRA will rollover annually and accumulate as long as you continue enrollment in the \$1,500 or \$2,500 deductible plan. If you separate from Alachua County Public Schools you will retain any unused HRA funds as long as you are vested in the \$1,500 or \$2,500 plans. You will be vested in your HRA after six or more consecutive years of employment and participation in either medical plan that offers an HRA.

HRA is offered only on the \$1,500 & \$2,500 Deductible Health Plans

PLEASE NOTE: If you are also enrolled in Medical FSA, it will pay first.

Helpful Information when selecting a Beneficiary

How do I choose a beneficiary?

A crucial step in purchasing a life insurance policy is choosing your beneficiary – the person (or entity) who will receive the proceeds of your life insurance policy upon death in PlanSource.

Who can be a beneficiary?

You can name: One, two or more people, or organization/charity of your choice. When you designate a beneficiary, you have the final say over who receives your death benefit. If you don't choose one, your state's laws determine who gets it.

Primary beneficiary— A primary beneficiary is the individual or organization designated to receive the proceeds of your life insurance policy upon the policy holder's death. It is recommended your beneficiary be 18 years or older.

Contingent beneficiary— A contingent beneficiary is the individual or organization that receives proceeds of your life insurance policy if the primary beneficiary is unable to do so. It is recommended your contingent beneficiary is someone 18 years or older.

*If you plan to list a **minor child as a beneficiary**, it is important to explore available options to ensure proceeds are distributed as you intend. Be sure to make the proper arrangements with an attorney or financial advisor.*

Can I change my beneficiaries?

You can change your beneficiaries at any time via PlanSource. Review your benefits regularly, and don't forget to make changes when your life changes, such as when you get married, or have a baby.

COVERAGE ENDS WHEN ONE OF THE FOLLOWING OCCURS:

- Your employment ends with ACPS
- Your dependent child turns 25.
- You and your dependent's coverage can be converted to a personal, post-tax policy should you terminate employment with the District for any reason other than retirement.

Voluntary Long Term Disability

Long Term Disability (LTD) coverage is designed to replace part of your income in the event of disability injuries or sickness, whether it occurs on or off the job. LTD plan benefits generally begin after an elimination period and will assist you in maintaining your normal lifestyle.

How much does the plan pay if I become disabled?

The plan replaces 60% of your monthly earnings. You must meet the plan's definition of "disabled" to qualify for benefits and certain rules apply.

What is an elimination period?

An elimination period is the period of time between an injury or illness and benefit payment.

If I become disabled, how long will I receive benefits?

Benefits begin after 90 days of disability and generally continue until your disability ends or you reach your normal retirement age under Social Security, whichever comes first. If you're age 60 or older when your covered disability begins, your benefits duration may differ.

After initial hire, any new coverage or a change in tiers, will require an EOI to be completed. Approval is approved or denied through Sun Life Underwriting.

Long Term Disability	Class 1	Class 2	Class 3
Salary	Over \$40,000	\$40,000 or less	\$30,000 or less
Maximum Benefit	60% of Monthly Benefit		
Maximum Monthly Benefit	\$3,000	\$2,000	\$1,500
Elimination Period	90 days		

Age at Disability	Maximum Benefit Period
Less than age 60	To age 65, but not less than 60 months
60	60 Months
61	48 Months
62	42 Months
63	36 Months
64	30 Months
65	24 Months
66	21 Months
67	18 Months
68	15 Months
69 and over	12 Months

EXAMPLE:
 Suppose your annual income is \$35,000 or \$2,917 per month (\$35,000 divided by 12 months). If you qualify for a long-term disability benefit, 60% of your monthly income of \$2,917 would be \$1,750. Based on this possible benefit, your benefit options would be #2 or #3, with #2 optimizing your benefit. See table below.

Benefit Options	Maximum Monthly Benefit	Benefit Payable based on 60% of Income	Option Evaluation
Class 1	\$3,000	\$1,750	Your maximum benefit is \$1,750 (You pay higher rate without higher benefit).
Class 2	\$2,000	\$1,750	Your maximum benefit \$1,750 (You receive maximum benefit).
Class 3	\$1,500	\$1,500	Your maximum benefit is \$1,500 (You don't receive your full 60% benefit).

This is only a summary of benefits and is not a contract. Please refer to your carriers' benefit booklet for complete benefits. Please note that disability premiums are deducted from your payroll on a post-tax basis.

Voluntary Group Critical Illness

How Does it work?

If you're diagnosed with an illness that is covered by this plan, you can receive a lump sum benefit payment. You can use the money however you'd like.

Why is this coverage so valuable?

- The money can help pay out-of-pocket medical expenses, like co-pays and deductibles
- You can use the coverage more than once. Even after you receive a payout for one illness, you're still covered for the remaining conditions and for the reoccurrence of any other critical illness with the exception of skin cancer. The reoccurrence benefit pays 100% of your coverage amount. Diagnoses must be at least 180 days apart or the conditions can't be related to each other.

What's Covered?

Critical Illnesses		Progressive Diseases
Heart Attack or Stroke	Coronary Artery Disease	Amyotrophic Lateral Sclerosis (ALS)
Major Organ Failure	Major (50%): Coronary artery bypass graft or valve replacement Minor (10%): Balloon angioplasty or stent placement	Dementia, including Alzheimer's Disease

* Unum will not pay benefits for a claim that is caused by, contributed to or occurs as a result of a pre-existing condition. A pre-existing condition is a condition for which symptoms existed within 12 months before your coverage effective date that would cause a person to seek treatment from a physician or for which a person was treated or received advice from a physician, or took prescribed medicine.

Children from live birth to age 26 are automatically covered at no extra cost. Their coverage amount is 50% of yours (\$7,500). They are covered for all the same illnesses plus these specific childhood conditions: cerebral palsy, cleft lip or palate, cystic fibrosis, Down Syndrome and spina bifida. The diagnosis must occur after the child's coverage effective date.

CHILDREN'S HEALTH INSURANCE PROGRAM

The CHIP Notice that describes this program is available at www.SBAC.edu and from the Benefits Department.

MEDICARE PART D CREDITABLE COVERAGE DISCLOSURE NOTICE

What is considered creditable coverage?

Under the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (Medicare Part D) prescription drug coverage is considered creditable if the amount the plan expects to pay on average for prescription drugs for individuals covered by the plan in the applicable year for which the disclosure notice is being provided is the same or more than what standard Medicare prescription drug coverage would be expected to pay on average. If the prescription drug coverage does not meet these standards is considered to be non-creditable.

Why is creditable coverage important?

Making sure you have creditable coverage is important. If you fail to enroll in Medicare Part D when you first become eligible or if you drop or lose your creditable coverage and don't join a Medicare drug plan within 63 continuous days after your creditable coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later, which can only be done from October 15th through December 7th of each year.

How can I find out more?

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227).
- TTY users should call 1-877-486-2048.

The Medicare Part D "credibility status" for our group medical plans is listed under Pharmacy Info on page 5 of this booklet.

PORTABILITY OF COVERAGE

The Health Insurance Portability and Accountability Act (HIPAA) of 1996 entitles you to a complete transfer of benefits (no pre-existing condition exclusions) if you change jobs or your employer changes insurance carriers. To guarantee the portability of your benefits, your previous coverage must not have lapsed for more than 63 days prior to your new eligibility date and you must provide proof of prior coverage to your new employer.

PRE-TAX OR AFTER-TAX?

For some benefits, you can use pre-tax dollars from your pay. For others, you must use after-tax dollars.

When you pay for benefits with pre-tax dollars, money is deducted from your pay before taxes are taken out. This way, you avoid paying Federal Income taxes on what you spend on qualified benefits. With after-tax contributions, just the opposite is true. They're deducted from your pay after Federal Income taxes are calculated and deducted from your gross pay.

NEWBORNS' & MOTHERS' HEALTH PROTECTION ACT

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section.

However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

WOMEN'S HEALTH AND CANCER RIGHTS ACT

Women's Health and Cancer Rights Act (WHCRA) Group health plans that provide coverage for mastectomy benefits

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

1. All stages of reconstruction of the breast on which the mastectomy has been performed;
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
3. Prosthesis and physical complications of mastectomy, including lymphedemas, in a manner determined in consultation with the attending physician and the patient.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, call your plan administrator (352) 955-7577.

SPECIAL ENROLLMENT RIGHTS

If you decline enrollment for yourself or your dependents (including your spouse) because of other medical insurance or group medical plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for the other coverage (or if the employer stops contributing towards you or your dependents' other coverage). However, you must request enrollment within 30 days after your coverage or your dependents' coverage ends (or after the employer stops contributing toward the other coverage).

In addition, you may be able to enroll yourself and your dependents if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, if your dependents lose eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP) or become eligible for a premium assistance subsidy under Medicaid or CHIP. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption or within 60 days of the date of loss of CHIP coverage. To request a special enrollment or obtain more information, contact the Benefits Department.

A NOTE ABOUT SOCIAL SECURITY

Pre-tax deductions taken from your paycheck lowers your taxable income. Therefore your Social Security taxes (and, consequently, your future Social Security benefits) may be lower. How you are affected depends on your pay and the amount of pre-tax contributions you make.

The reduction on Social Security benefits, if any, for most employees will be minimal – a few dollars a month. Younger employees who use large amounts of tax-free dollars to pay for benefits over a long period (20 to 30 years) may experience a greater reduction in benefits when they retire. However, for most people, the benefit reduction has been more than offset by the tax savings. For more information, please contact your local Social Security Administration office.

HIPAA NOTICE OF PRIVACY PRACTICES

The HIPAA Notice of Privacy Practices is available on sbac.edu/mybenefits and from the Benefits Department.

MICHELLE'S LAW

Plan administrators and group health plan insurers must include with any notice regarding a requirement for certification of student status. Under the ACA, group health plans are required to cover dependent children up to age 26, regardless of student status. The ACA's coverage mandate for adult children limits the impact of Michelle's Law. However, group health plans that extend coverage past the age of 26 for adult children who are students will still be subject to the requirements of Michelle's Law.

Michelle's Law protects a postsecondary student from losing full-time student status under an employer's medical coverage if the student is (i) a dependent child of a participant or beneficiary under the terms of the plan; and (ii) enrolled in a plan on the basis of being a student at a postsecondary educational institution immediately before the first day of a medically necessary leave of absence from school. A dependent covered under the law is entitled to the same benefits as if the dependent continued to be enrolled as a full-time student. The law also recognizes that changes in coverage (whether due to plan design or a subsequent annual enrollment election) pass through to the dependent for the remainder of the medically necessary leave of absence.

HEALTH CARE REFORM: AFFORDABLE CARE ACT

Summaries of Benefits and Coverage

The Patient Protection and Affordable Care Act (PPACA) requires health plans and health insurance issuers to provide uniform summaries of benefits and coverage (SBC). These SBCs are provided by our medical insurance carrier. *You can access the SBCs at www.sbac.edu.*

Paper copies are also available, free of charge, by calling Florida Blue at 800-352-2583 and Express Scripts at 855-723-6091, or by contacting The Bailey Group at 904-461-1800. This notice is provided to eligible employees. It is the responsibility of the employee to share this information with eligible dependents.

You can request a copy of this notice to be sent to eligible dependents that reside at an address other than your own by contacting the Benefits Department and providing the separate mailing address, or by contacting The Bailey Group at 904-461-1800.

Health Insurance Marketplace (Exchange)

This section provides some basic information about the new Health Insurance Marketplace and employment-based health coverage offered by your employer. The Exchange Notice of Coverage Options is available on www.sbac.edu and from the Benefits Department.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. You may also be eligible for a tax credit that lowers your monthly premium. The annual open enrollment periods begin each year on November 1st and ends December 15th for the following year's coverage (these dates are subject to change). An individual generally cannot enroll in a QHP outside of the open enrollment period, unless a special enrollment period applies.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, **but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards.** The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of the least expensive plan that meets "minimum value" standards offered by your employer that would cover you (and not any other members of your family) is more than 9.69% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.

Our group medical coverage has been determined to meet affordability and "minimum" value standards as required by the Affordable Care Act. This means that employees eligible for participation in our group medical coverage are not eligible for a premium reduced policy through the Marketplace.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you will lose the employer contribution to the employer-offered coverage. Also, this employer contribution, as well as your employee contribution to employer-offered coverage, is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area. Contact Human Resources for additional information.

In accordance with the Affordable Care Act (ACA), all individuals are required to comply with the individual mandate for 2017 and 2018 or pay a penalty when filing end of year taxes. Beginning in 2019, individuals will no longer be penalized for failing to obtain acceptable health insurance coverage for themselves and their family members.
