

CHILD ABUSE REPORTING WEB-BASED TRAINING COURSE

The Florida Legislature revised Section 1012.98, Florida Statutes (F.S.) to require teachers in grades K-12 to participate in a continuing education training provided by Department of Children and Families (DCF) on identifying and reporting child abuse and neglect. While only grades K-12 teachers are required to complete the course, all Alachua County instructional and non-instructional personnel are encouraged to participate.

Please complete the course during your first semester of teaching and provide your mentor coach with a copy of your certificate to keep on file for you.
