1. Providing an efficient and cost effective method of purchasing and paying for goods and services required by schools and departments.
2. Reducing the use of Blanket Purchase Orders;
3. Ensuring that purchasing card purchases are in accordance with Board policies, Florida Statutes, and Florida Administrative Code;
4. Reducing the time and money spent processing low dollar transactions;
5. Ensuring that the Board bears no legal liability from inappropriate use of purchasing cards; and
6. Providing for disciplinary action if the purchasing cards are misused.

C. BACKGROUND. These procedures have been developed to simplify the purchasing process for obtaining supplies, materials, services, travel, and equipment by making available to certain District employees the authority to make purchases using the purchasing card.

1. In order to account for all purchases made using the purchasing card, authorized employees shall use the Truist Enterprise Spend Platform system. This web-based system provides the ability to enter P-Card transaction information by account code and to review information from P-Card transactions. Authorized employees are able to review purchasing activity on demand and to generate various reports on P-Card activity. Transactions are uploaded to Truist nightly; these transactions will be loaded into Skyward within five (05) days of the Card Manager’s approval. This ensures that outstanding purchases are charged against available budgets on a regular basis. Authorized employees will utilize Truist

Enterprise Spend Platform as an approval, reconciling, and reporting tool. Training on this system will be provided to all users.

2. The District has three types of Purchasing Cards that are suitable for our various staff and management functions. The Type I card is a **general operating card** to be used by schools and departments to purchase operating supplies, services, equipment, materials, and business travel (**excluding food and gas**) and to pay for specific, high-volume invoices such as rental uniforms and copiers. Type I cards include School Purchasing Cards, which are issued in the name of the school only. In addition to Type I cards, the Type II card will be used by selected departments for **larger purchases** of equipment, labor, and materials (including computers, software, textbooks, bus and support fleet parts, trades labor, and facilities operating and maintenance supplies and parts, as well other items). The Type III card (A/P card) will be managed by the Finance Department to pay certain recurring charges such as **utilities, phone bills, etc.**
3. Purchasing cards have unique controls that do not exist with traditional credit cards. These controls ensure that cards are used only for specific purchases and within specified dollar limits. Certification by each cardholder and authorization from the Principal/Cost Center Administrator is required for all purchases.

D. CARD DESCRIPTION. The face of the Purchasing Card includes the Alachua County Public Schools' logo, name of the cardholder and the cardholder's center name (school) or title, an account number, sales tax exemption number, and an expiration date. The cards have been uniquely designed to avoid confusion with personal credit cards. School Purchasing Cards are issued in the name of the School only.

E. PURCHASING CARD PROCEDURES. The card type determines the applicable expenditure limitations and appropriate card uses, which are as follow:

1. **TYPE I (general operating card):** Cards will be issued to School District employees who frequently purchase goods or services. The Type I card monthly limit shall be \$5,000.00, unless a higher limit is approved by the PCA. Purchases may include multiple items, but may not exceed the monthly limit. No single card transaction, whether for one or multiple items, may exceed \$2500, unless a split transaction is approved by the PCA. Type I cards shall not be used to purchase **electrical/mechanical equipment (\$2000 or greater), furniture (\$2000 or greater), audio-visual equipment/computer accessories (\$2000 or more), software (\$2000 or greater, must be on the current ACPS Reviewed Software document managed by IT, IT Director must be informed of purchase), or any computers, unless the purchase is pre-approved.** Under no circumstances shall **capital equipment (\$2500 or greater)** be purchased with the p-card. Maintenance/Repairs/Service may be purchased from any qualified vendor if the cost is less than \$2500 **and** the work is **not** performed **on** any school or administrative site (i.e. the vendor does not come on to school board property). Gas may be purchased for SBAC-owned equipment (mowers, lawn care equipment, fleet vehicles). The Type 1 card may, with prior approval of the PCA, be used to pay for high volume invoice vendors currently under contract with the District, such as rental uniforms and copiers.

The Type I School Purchasing Card single transaction limit is \$999. The monthly limit for School Purchasing Cards is \$5000. This card may not be used to place on-line or over-the-phone orders.

Type I cards may also be used for purchases from internal funds and such purchases shall be in strict accordance with the Policies and Procedures for Internal Accounts, Page 21, sections 3(c)-(f) and 3(h)-(j). Principals will be solely responsible for compliance with all internal funds expenditure rules. They may establish additional controls specific to their school.

In the event of any conflict between these rules and procedures and the Policies and Procedures for Internal Accounts, Page 21, sections 3(c)-(f) and 3(h)-(j), these procedures shall govern.

Purchases may not be split or staggered to stay within the aggregate purchase limit unless approved by the Purchasing Department. Unauthorized splitting or staggering charges will be considered abuse of the Purchasing Card Program.

Type I School Purchasing Cards may be requisitioned by authorized staff for out-of-county travel, including overnight stays out of the District. Prior to travel commencing, the Purchasing must be notified of Type I School Purchasing Cards being utilized for out of District travel.

2. **TYPE II:** This card type will be used, in part, for larger purchases of equipment, contract labor, and materials that are not allowed under Type I cards (computers, software, educational materials, transportation parts, trades labor, or other purchases approved by the PCA.).
3. **TYPE III:** Cards will be issued to the Finance Department and will be used to pay certain recurring charges such as utilities and phone bills and other vendor charges in lieu of issuing a check. Limits on these cards will be established by the PCA. Type III purchasing cards will be used for payment of the above type services and/or other specifically authorized recurring payment obligations.

G. PROCESS OVERVIEW:

1. The Purchasing Card Administrator or designee will authorize the issuance of a Purchasing Card to an employee and will coordinate issuance of a Purchasing Card to an employee.
2. A Cardholder will execute the ALACHUA COUNTY PUBLIC SCHOOLS CARDHOLDER ACCEPTANCE FORM; read, understand, and abide by these Purchasing Card Procedures; attend scheduled training and refresher training, as necessary, on the use of the purchasing cards and how to reconcile purchasing card transactions to the Truist Enterprise Spend Platform System.

During the first week of each month, the Card Manager prints the statement from the Truist Enterprise Spend Platform system selecting the prior month's statement date range for each Cardholder for their school or department. The statement is to be signed at the top of the first page by the principal or department head after reviewing. A copy of that signed page is to be sent via email to Mimi Caldwell (caldwead@gm.sbac.edu) by the 15th of the month. The Card Manager then files the statement with all associated vendor receipts, which were previously downloaded into the Bank's system, at their site, along with other county budget files, for three (3) years. School-based card managers are to attach their signed statement to the submitted PNT check.

A Cardholder or Card User may be required to substantiate the necessity or official use of a transaction. Misuse of the Purchasing Card shall be subject to the immediate payment of all improper charges by the Cardholder or Card User and possible revocation of Purchasing Card privileges. Resolution of situations involving improper use of the Purchasing Card will be handled by the appropriate authority in accordance with School District Policies and Procedures. Misuse may result in penalties up to and including termination.

4. *Reconciling Monthly Statements*

- b. **The Cardholder/Card Manager** must verify receipt of goods or services for all purchases on the monthly memo statement and match transactions to corresponding supporting documentation (such as invoices, charge slips, receipts and packing slips) and verify that all credit transactions were processed to the statement.
- c. **The Cardholder/Card Manager** must verify that all purchases and credits were correctly entered into the Truist Enterprise Spend Platform system and that the system is reconciled to the statement.

5. **Payment**

- a. The vendor is paid by the Purchasing Card provider.

6. **Resolving Returns and Credits, Disputes and Erroneous Charges**

- a. The Cardholder or Card User must attempt to resolve problems directly with the vendor. The vendor must issue a credit for billing errors, sales tax, defective supplies or unacceptable services, returned supplies or canceled orders. This credit should appear on the Cardholder's statement within 60 days. Under no circumstances can the employee accept cash to settle a disputed amount.

- b. If the Cardholder or Card User is unable to resolve the issue with the vendor, or Cardholder's credit does not appear on the monthly statement within 60 days, Cardholder or Card User (with assistance from the Card Manager) should contact Truist for assistance in resolving the matter.
- c. When an account is in a dispute status, the disputed amount will still be included in calculating the available money for authorizations (monthly limit). However, disputed items are removed from all finance charges, late charges, over-limit fees, past due amounts and payment calculations. Disputes must be brought to the Bank's attention promptly to avoid payment of finance charges or payment of improper unauthorized or erroneous amounts.
- d. After the item has been entered as a dispute, the Bank must determine who is responsible by researching the transaction including requesting a copy of the sales draft when necessary.
- e. If the problem is resolved between the merchant and the Cardholder or Card User while the item is in dispute, the Cardholder should write the solution agreed upon on the bottom of the *Dispute Form* that was previously submitted to the Bank, and submit it to the Bank again as soon as possible.
- f. If it is ultimately determined that the Cardholder or Card User is actually responsible for the transaction, then the questioned amount will be added to the next monthly statement. If the Cardholder or Card User is not responsible for the transaction, the dispute is settled for the Cardholder or Card User and the charge-back process will be initiated against the merchant by the Bank.
- g. If there continues to be problems with a particular merchant, the Cardholder or Card User should notify the PCA.

7. Reporting a Lost or Stolen or Tardy Purchasing Card

If a card is lost or stolen, the Cardholder must immediately notify the Bank's customer service department at 1.866.495.5411, and the PCA. The Cardholder must provide the Bank with the purchasing card's 16-digit account number. Access to the card will be immediately blocked, and the Cardholder shall not be responsible for any charges after the card is reported lost or stolen. The Bank will also require the Cardholder to submit written confirmation by fax or by mail of the card cancellation request reported verbally. A replacement card will be issued by the Bank and delivered to the PCA.

If a Card User's School Purchasing Card is lost or stolen, the Card User shall immediately notify the Card Manager, who will then call the Bank to report the lost or stolen card. Access to the card will be immediately blocked. The Card Manager will then notify the PCA. The District is liable for any charges made against School Purchasing Cards that are lost or stolen before the card is reported to the Bank. If the Card User fails to check the card in the same day it was checked out, the Card Manager will immediately contact the PCA, who will then lower the card's \$ limit to \$0.

8. Purchasing Card Termination

- a. **Employees leaving District Employment:** The Principal/Cost Center Administrator or Card Manager will notify the PCA of terminated employees who hold purchasing cards. The PCA will cancel the card of an ex-employee immediately upon notification.

- b. **Exit Interview:** During the exit interview, the Principal/Cost Center Administrator will obtain the Purchasing Card from the terminated employee and will deliver it to the PCA. The Principal/Cost Center Administrator must notify the PCA when purchasing cards belonging to terminated employees are not returned.
- c. **Card Returned:** The Principal/Cost Center Administrator must destroy returned purchasing cards by cutting the cards in two and must deliver them to the PCA.

9. Revocation of Card

Purchasing Card privileges may be revoked upon the Cardholder or Card User's failure to follow School District policy and procedures. The Principal/Cost Center Administrator, the PCA and the Card Manager will coordinate the revocation of Purchasing Cards. The PCA will immediately notify the Bank to cancel any such cards.

- a. The Principal/Cost Center Administrator will obtain the revoked Purchasing Card from the employee.
- b. The Principal/Cost Center Administrator must destroy the returned Purchasing Card by cutting it in two and must deliver it to the PCA.

10. Violations

Unauthorized purchases will result in disciplinary action up to and including termination, and the employee will be required to make payment for any such transaction(s). When purchases are questioned, the Card Manager is responsible for resolving the issue with the Cardholder or Card User. If the Purchasing Card Administrator is not satisfied that the purchase was necessary and for official use, the Cardholder or Card User must provide either a credit voucher proving the item(s) were returned for credit or a personal check made payable to the SBAC or Internal Accounts, for the full amount of the purchase, plus applicable sales tax. Checks must be sent along with the statement to Finance, with an explanation of why the violation occurred.

The following actions are prohibited:

- a. Purchases of prohibited items;
- b. Splitting or staggering of purchases.
- c. Purchases that exceed the Purchasing Card limits;

- f. Inadequate record keeping and/or documentation of purchases;
- g. Acceptance of cash in lieu of a credit to the statement;
