**JESSICA LUNSFORD ACT – BIDDER AFFIRMATION FORM**

The School Board is required to conduct background screening of Bidders (including its employees, agents, and sub-contractors) that are contracted with the School Board (go to [www.sbac.edu](http://www.sbac.edu) for finger printing and Level 2 screening procedures). Background screening includes submission of Bidder’s fingerprints to the FDLE and FBI. The standards for screening depend on the nature of the work to be performed by Bidder.

- A. If Bidder’s performance either **is** anticipated to result in direct contact with students, or will give Bidder access to or control of school funds, then the screening standard is that Bidder may not have been convicted of a crime involving moral turpitude. The School Board has defined “crimes involving moral turpitude” to include, but not be limited to the following: felony sexual-related crimes, felony child abuse crimes, murder, lewd and lascivious crimes, and indecent exposure (if sexual in nature).
- B. If Bidder’s performance **is not** anticipated to result in direct contact with students, then the screening standard is that Bidder may not have been convicted of any of the following offenses: Any offense listed in s. [943.0435\(1\)\(a\)1.](#), relating to the registration of an individual as a sexual offender; Section [393.135](#), relating to sexual misconduct with certain developmentally disabled clients and the reporting of such sexual misconduct; Section [394.4593](#), relating to sexual misconduct with certain mental health patients and the reporting of such sexual misconduct; Section [775.30](#), relating to terrorism; Section [782.04](#), relating to murder; Section [787.01](#), relating to kidnapping; Any offense under chapter 800, relating to lewdness and indecent exposure; Section [826.04](#), relating to incest; Section [827.03](#), relating to child abuse, aggravated child abuse, or neglect of a child.

"Convicted" means that there has been a determination of guilt as a result of a trial or the entry of a plea of guilty or nolo contendere, regardless of whether adjudication is withheld. Conviction of a similar offense includes, but is not limited to, a conviction by a federal or military tribunal, including courts-martial conducted by the Armed Forces of the United States, and includes a conviction or entry of a plea of guilty or nolo contendere resulting in a sanction in any state of the United States or other jurisdiction. A sanction includes, but is not limited to, a fine, probation, community control, parole, conditional release, control release, or incarceration in a state prison, federal prison, private correctional facility, or local detention facility.

**Exemptions from fingerprint based background screening:** If Bidder’s work is non-instructional in nature, then Bidder may be exempt from the background screening requirements above if Bidder meets one of the following criteria: **1)** Bidder is under the direct supervision of a School Board employee or contractor or one or more Bidder employees who have had a criminal history check and meet the screening requirements under s. 1012.32, s. 1012.465, s. 1012.467, or s. 1012.56. "Direct supervision" means that a School Board employee or contractor or one or more Bidder employees is physically present with Bidder when Bidder has access to a student and the access remains in the School Board employee's or the contractor's or one or more Bidder employees’ line of sight; **2)** Bidder is required by law to undergo a level 2 background screening pursuant to s. 435.04 for licensure, certification, employment, or other purposes and Bidder submits evidence of meeting the following criteria: a) Bidder meets the screening standards in s. 435.04, b) Bidder’s license or certificate is active and in good standing, if Bidder is a licensee or certificate-holder, c) Bidder has completed the criminal history check within 5 years prior to seeking access to school grounds when students are present; **3)** Bidder is a law enforcement officer, as defined in s. 943.10, who is assigned or dispatched to school grounds by Bidder’s employer; **4)** Bidder is an employee or medical director of an ambulance provider, licensed pursuant to chapter 401, who is providing medical transportation services; **5)** Bidder remains at a site where students are not permitted and the site is separated from the remainder of the school grounds by a single chain-link fence of 6 feet in height; **6)** Bidder provides pick-up or delivery services and those services involve brief visits on school grounds when students are present.

**However, even if Bidder is an exempt as defined above, Bidder will be subject to a search of Bidder’s name against the registration information regarding sexual predators and sexual offenders maintained by the FDLE under s. 943.043 and the national sex offender public registry maintained by the U.S. Department of Justice. There is no charge for this search.**

**Certification**

By submitting a Bid in response to this IFB, Bidder swears and affirms under penalty of perjury that all of its employees, agents, and sub-contractors will comply with this form, the requirements of the Jessica Lunsford Act, SBAC’s fingerprinting procedures, and the laws of the State of Florida. Failure to comply with this form, the Jessica Lunsford Act, SBAC’s fingerprinting procedures, and the laws of the State of Florida shall constitute a material breach of the contract, and SBAC may avail itself of all remedies pursuant to law. Bidder agrees to indemnify and hold harmless the School Board, its officers, employees, and agents, from and against any and all claims or causes of action, including without limitation those for personal injury, death, property damages, and attorney fees, arising out of or relating to Bidder's failure to comply with this form, the Jessica Lunsford Act, SBAC’s fingerprinting procedures, and the laws of the State of Florida.

## GENERAL CONDITIONS, INSTRUCTIONS TO BIDDERS – SUPPLIES/SERVICES

### 1. DEFINITIONS:

Invitation for Bids (IFB)-a formal request to prospective vendors soliciting bids, which contains the specifications or scope of services and all contractual terms and conditions.

Bid-an offer submitted by a prospective vendor in response to an invitation for bid (IFB).

Offer-a response to an IFB that, if accepted, would bind the vendor making the offer to perform the resulting Contract.

Bidder- an individual, firm, association, joint venture, partnership, syndicate, corporation, or group that submits a Bid in response to an IFB.

Responsive Bidder-a vendor who has submitted a Bid that conforms in all material respects to the requirements stated in the IFB.

Responsible Bidder-a Bidder who has the capability in all respects to perform fully the Contract requirements, and the experience, integrity, reliability, capacity, facilities, equipment, and credit that will assure good faith performance.

Lowest Responsible Bidder-the Bidder that submitted a responsive Bid at the lowest price of all the responsive Bids submitted, and whose past performance and financial capability is deemed acceptable.

Alternate Bid-a sealed Bid that intentionally deviates from the IFB specifications and is submitted by a Bidder for consideration by SBAC (see below).

Contract-The submission of a Bid constitutes an offer by the Bidder. Upon acceptance by School Board of Alachua County ("SBAC"), the Purchasing Department will issue a purchase order(s) for supplies, equipment, and/or services pursuant to the IFB. The Bidder's offer, the IFB document, and the corresponding purchase order(s) constitute the complete agreement between the successful Bidder and SBAC. Unless otherwise stipulated in the IFB documents, no other contract documents shall be issued or accepted.

2. ORDER OF PRECEDENCE: In the event of any inconsistency between Attachment A and the other documents that together comprise this IFB, such inconsistency will be resolved by giving precedence in the following order: (a) specifications or scope of services; (b) drawings; (c) special conditions; (d) Attachment A; (e) other documents, exhibits, and attachments; (f) the Purchase Order(s).

3. GENERAL BIDDERS INFORMATION: Interested Bidders are advised that SBAC will not, unless specified elsewhere in the IFB document, consider Bids that contain an escalation clause, nor may a successful Bidder seek an increase in price of the items awarded to them under this Bid.

It is understood that normal Bid processing time will be 30 - 60 days after the Bid opening date and that Bid prices will be firm through Bid processing time and delivery of items awarded via Purchase Order.

SBAC reserves the right in its sole discretion to waive any irregularities or minor technicalities in Bids received, reject any or all Bids, accept any part thereof, award to other than the low Bidder, award in the best interest of the SBAC, or cancel the IFB at its discretion.

A signed Bid shall be considered an Offer on the part of the Bidder, which Offer shall be deemed accepted upon approval by SBAC. In the event of a default by the Bidder after such acceptance, SBAC may take such action as it deems appropriate including legal action for damages or specific performance.

The successful Bidder shall give first priority to SBAC in the event of a hurricane, flood, or other natural disaster, or any event identified as an emergency by SBAC.

4. BID OPENING: Shall be public at the time and date specified elsewhere in this IFB. It is the Bidder's responsibility to ensure that the Bid is delivered at the proper time and place. Bids received after the date and time specified in the IFB will be returned to the Bidder unopened. Bids received by telephone, telegraph or facsimile transmission will be considered non-responsive.

5. AWARD: SBAC will award a Contract to the lowest responsive and responsible Bidder.

SBAC reserves the right to make award(s) on an individual, multiple, lump sum or low total basis. See also Item 62 below.

6. WORK CONDITIONS/IFB EXAMINATION: Bidders shall become familiar with any work conditions that may, in any manner, affect the work to be performed under the Contract and shall thoroughly examine and be familiar with the IFB requirements. The failure or omission of any Bidder to become familiar with local work conditions or to examine the IFB shall in no way relieve it of its obligations with respect to the IFB or the subsequent Contract.

7. SILENCE OF THE SPECIFICATIONS: The apparent silence of the IFB specifications as to any detail, or the omission from the specifications of a detailed description, concerning any point shall be construed as meaning that only the best commercial practices are to prevail and that only materials of the highest quality and correct type, size, and design are to be used. All interpretations of the specifications shall be made on the basis of this statement.

8. ADDITIONAL TERMS AND CONDITIONS: No additional terms and conditions included with any Bid shall be evaluated or considered and any and all such additional terms and conditions shall have no force and effect and are inapplicable to this IFB, whether submitted purposefully through intent or design or inadvertently appearing separately in transmittal letters, specifications, literature, price lists, warranties, or shipping documents. It is understood and agreed that only the terms, conditions, and specifications appearing in this IFB are applicable and in full force and effect. The Bidder's authorized signature appearing elsewhere in the IFB attests to this.

9. MANUFACTURER'S NAME AND "OR EQUAL" PRODUCTS: Unless expressly stated otherwise in the IFB, manufacturer's names, trade names, brand names, and catalog numbers listed in the specifications are for the purpose of establishing minimum acceptable levels of quality required by SBAC, and are not intended to limit competition. Unless expressly stated otherwise in the IFB, Bidders may offer any "or equal" product that meets or exceeds the specifications for any items contained herein. For "or equal" Bids, Bidders shall indicate on the Form of Proposal the manufacturer's name and product number proposed. Bidders shall submit with their Bids detailed information (cut sheets, product literature, diagrams, drawings, specifications, etc.) sufficient to allow SBAC to determine whether in fact the proposed "or equal" product(s) meets or exceeds SBAC's minimum requirements, as reflected in the specifications. It is the Bidder's responsibility to submit proof that the proposed "or equal" product does in fact meet or exceed the specifications.

This responsibility does not rest with SBAC. It shall be the responsibility of Bidder to provide any further evidence and support documentation as deemed appropriate by District within three (03) business days of request.

Should SBAC determine, in its opinion, that Bidder does not meet any of the IFB qualification requirements or have the ability or capacity to provide the services as required in this contract, the District may reject the Bid and evaluate next apparent lowest Bidder.

**8. Non-Exclusivity:** SBAC reserves the right to perform, or cause to be performed, any part of the work and services described herein with District employees, as permitted by law. In addition, SBAC reserves the right to acquire the services herein described from any other source or via any other procurement method deemed by SBAC to be in its best interest, without penalty or prejudice to SBAC in the event: (A) Bidder is not able to provide all or part of services in the time and manner as specified, or; (B) the scope of any project requires a level of technical expertise or utilization, in significant proportion of project value, of equipment or skilled/trained/certified personnel that Bidder cannot provide, or; (C) in cases of emergency; or; (D) in fulfillment of Board Policy.

Bidder's establishment of quality control standards and a system for inspecting and correcting work deficiencies is critical to the success of contract.

The failure of the District to immediately reject any unsatisfactory work or to notify Bidder of such deficiencies shall not relieve the Bidder of any responsibilities specified herein. The cost of general supervision shall be an element of the Bidder's overhead burden in the hourly labor rates bid.

- b. **Bidder's Representative:** Bidder shall designate one (01) Account Representative to contact regarding service scheduling and other service related issues. Account Representative shall be knowledgeable and familiar with contract and shall be the liaison between the Bidder and the District on all matters pertaining thereof. Designated Account Representative shall respond to all non-emergency calls from the District requesting assistance within four (04) hours of initial contact.
- c. **Communications:** Bidder shall maintain a toll-free telephone and facsimile terminal by which the District may directly and immediately communicate work requirements and other messages during normal business hours (Monday – Friday) from approximately 7:00 a.m. to 5:00 p.m. Email may also be an acceptable form of communication. In addition, Bidder shall provide a method of communication access by which District may request emergency service response.
- d. **School Calendar:** Each year, the SBAC is closed for Thanksgiving, Winter and Spring Breaks, as well as customary holidays. Additionally, schools are open only on a limited basis during the summer period. It shall be the responsibility of Bidder to maintain a current SBAC calendar and stay informed of school and facility operating hours. A complete listing of current school hours and holiday schedules can be found on the District's website: [www.sbac.edu](http://www.sbac.edu).
- e. **Work Period:** The District's normal facility operating hours are Monday through Friday, approximately 7:00 a.m. to 3:30 p.m. However, actual hours of work shall be subject to the operating hours and accessibility of each District site based on established safety standards and potential disruption to facility. For projects scheduled a minimum of seven (07) business days in advance, the District reserves the right to extend normal operating hours to include weekday evening hours and weekends (Saturday/Sunday). Any scheduled work performed at such time shall be based on the appropriate "straight-time" hourly service rates bid. Should Bidder desire to perform work after normal facility operating hours, a request must be made and approved by the District Representative a minimum of forty-eight (48) hours prior to requested start date in order to coordinate access into the facility. Any work performed after normal operating hours at the request of Bidder shall be performed at no additional cost to the District in accordance with established hourly service rates.
- f. **Premium Time:** All unscheduled service work requested and approved by the District Representative to be performed after normal District facility operating hours (Monday – Friday, 7:00 a.m. – 3:30 p.m.), including Saturday and Sunday and legal holidays, may be considered "premium time" upon mutual agreement of the parties. Bidder shall propose "premium time" hourly rates for each personnel/service classification on Attachment C, Form of Proposal.

Premium time should only reflect the additional compensation actually paid to personnel. Any work performed after regular facility operating hours without the expressed written approval of District Representative shall be based on "straight time" hourly labor rates bid. It is the intent of the District that premium time only be

authorized in the event of emergency or when work is determined to be urgent and proper notification cannot be given.

- g. **Emergency Service:** Bidder shall have the capability to mobilize and respond to service calls on an emergency basis. Emergency service is defined as those activities necessary to maintain a safe environment and continue the operations of any District facility, of which the loss would create a situation, which would adversely and unduly affect the safety, health or comfort of the facility and/or occupants, or otherwise cause loss to the District. Bidder shall designate a representative who shall be available to receive emergency service requests after normal operating hours. In the event of an emergency, as determined by SBAC, Bidder shall acknowledge and verbally respond to District Representative's call within two (02) hours of contact. Bidder shall have the capacity thereafter to mobilize with necessary qualified personnel and equipment and arrive at any District site within one (01) business day of initial notification.

Emergency service response during normal operating hours shall be performed at no additional cost to the District, based on "straight time" hourly labor rates bid. Compensation for emergency service response after normal operating hours shall be based on "premium time" hourly service rates unless otherwise mutually agreed. All emergency service work performed after hours must be authorized by District Representative. Failure of Bidder to respond in a timely manner to any emergency request may be deemed as a default of contract. Bidder shall give first priority emergency services to the District, before, during and after a natural disaster, such as hurricane, tornado, severe storm, or flood, or any other event identified and designated as a public emergency.

- h. **Overtime:** Overtime shall be paid for all work performed for the School Board in excess of forty (40) hours per week. It shall be required that overtime be approved in advance by the District Representative. Overtime shall be based on the "premium time" hourly labor rates bid for each personnel classification. For payment of overtime, each eligible employee's job classification and time must be corroborated on the work time sheet.
- i. **Personnel Reporting:** Reference Attachment A, "40. Bidder Personnel": In addition...All assigned personnel shall report directly to each designated project worksite in accordance with established reporting time. Actual paid service time shall commence and end with the scheduled arrival and departure of personnel and equipment from worksite. Bidder shall be responsible for providing all transportation of personnel and equipment. Travel time for mobilization of personnel and equipment to and from worksite shall not be directly charged to District but considered an element of Bidder's overhead burden in the hourly service rates bid. The District shall not reimburse Bidder for any travel time.
- j. **Site Access:** It shall be the responsibility of Bidder to coordinate site access directly with the District Representative or with the appropriate authority at each District site. Upon arrival at worksite, personnel shall comply with customary check-in procedures and all security standards. Personnel shall only access designated work areas; all other areas shall be off limits. All personnel shall possess and display the SBAC issued photo ID card which shall be presented immediately upon request by District personnel. While on site, Bidder shall perform all services with a minimum amount of disruption to the normal operations of the District site. For the safety of staff and students, Bidder is cautioned to avoid performing services during periods of peak student activity.
- k. **Work Scheduling:** All services shall be coordinated and scheduled by District Representative. It is understood that the ability of Bidder to reliably provide qualified personnel and equipment is critical to the performance of this contract. As need arises for planned projects, the District Representative shall ordinarily give Bidder notice of impending work a minimum of five (05) business days prior to requested start date. However, Bidder shall have the capability to provide personnel within one (01) business days should a service order be determined "urgent" by District Representative. Specific performance time lines and completion dates shall be mutually agreeable between the parties and shall be strictly adhered to. Whenever possible, work projects shall be grouped and scheduled to maximize work hours and travel time for Bidder. Failure of Bidder to provide personnel within time requirements as specified may be deemed as a default of contract.
- l. **Site Examination:** Prior to performance of work, Bidder shall visit worksite, become familiar with the conditions under which the work is to be performed, and correlate personal observations with the job requirements as communicated by the District Representative. Bidder shall inform District Representative of any concerns or issues regarding project work at time of site examination.

- m. **Work Proposals:** Based on the site examination, Bidder shall submit a written work proposal to District Representative detailing personnel and equipment requirements, estimated hours, and appropriate hourly labor rates. Unless otherwise agreed, site examinations shall be performed and work proposal submitted within three (03) business days of notice of impending work. The repeated failure of Bidder to submit work proposals within specified time requirements may be deemed as a default of contract.

The work proposal shall be in the form of a “not-to-exceed” amount. Bidder shall provide work proposal using District form “Work Proposal” (Appendix A).

Not-To-Exceed: Bidder shall not exceed the proposed number of hours accepted by the District without prior authorization from District Representative. It shall be the responsibility of Bidder to maintain a “Work Time Sheet” (Appendix B) during performance of work. Upon completion of work, a copy of work time sheet shall be provided to District Representative and verified before any corresponding invoice(s) can be processed for payment. Payment to the Bidder shall be made only for the actual quantities of work performed in accordance with work proposal. Bidder shall provide work proposals at no cost to the District. All costs incurred in the preparation of work proposal including site examination shall be considered an element of Bidder’s overhead burden in hourly service rates bid.

- n. **Work Proposal Approval:** By submittal of signed work proposal, Bidder certifies that all personnel requirements, set forth therein, conform to the defined scope of work, and that the total estimated hours for all listed personnel are correct and complete. Upon receipt by the District, all work proposals shall be evaluated to determine if the scope of work has been clearly and accurately understood, estimated, and priced. Bidder shall commence work only after receipt of authorized work proposal indicating payment by P-Card, or Purchase Order. SBAC reserves the right to reject work proposal should the estimated hours or any other part thereof, in its opinion, not be reasonably consistent with scope of work. Should parties thereafter fail to reach an agreement on the requirements of work proposal, SBAC further reserves the right to solicit a written quotation from one (01) or more qualified service providers, with award of project being made to lowest price proposal. It is understood and agreed that the submittal of inflated work proposals shall be unacceptable practice regardless of intent. The rejection of any work proposal by the District on three (03) or more occasions for reasons specifically relating to excessive personnel and/or time requirements may be deemed as a default of contract.
- o. **Work Proposal Waiver:** In the event of emergency, the District may waive the requirement for a written work proposal when time is of the essence. In such case, Bidder shall be responsible for maintaining and providing a copy of work time sheet upon completion of work.
- p. **Time of Completion:** The commencement of work by Bidder shall be construed to mean acceptance of all conditions at worksite. Bidder acknowledges that time is of the essence in completing the work as specified for each project. Bidder agrees that all work shall be prosecuted regularly, diligently and uninterrupted at such rate of progress as will ensure full completion thereof, within the time specified for each project. It shall be the responsibility of Bidder to submit a written request for time extension to District Representative should it not be possible to adhere to the established schedule for any reason. The request shall then be evaluated to determine if the time extension is to be granted. Approval of time extension shall not be automatic. Repeated failure to commence and complete work within prescribed time may be deemed as a default of contract.
- q. **Progress Inspection:** The District reserves the right at any time to conduct periodic inspections of work. Bidder shall comply with all work progress notification requirements as directed by District Representative. The failure of District to perform progress inspections and immediately reject any unsatisfactory work shall not relieve Bidder of any responsibilities specified herein.
- r. **Change Orders:** The District Representative, without invalidating the work proposal, may order changes in the work, within the general scope of this contract, consisting of additions, deletions, or other revisions, with the work proposal “firm fixed-price” being adjusted accordingly. Bidder in not authorized to proceed with work without a written change order approved by District Representative.
- s. **Correction of Work:** Bidder shall promptly correct all work rejected by District Representative as faulty, defective, or failing to conform to contract or Work Proposal, whether observed before or after substantial completion of the work, and whether or not completed. Deficiencies noted shall be documented and remedy effected within three (03) business days of notification, unless additional time is required and granted by the

District Representative. It is understood that any follow up or call back work, to correct recent previous work, shall not be charged to SBAC if the work is the result of Bidder's negligence.

- t. **Final Acceptance of Work:** Upon completion of work, Bidder shall contact District Representative and make request for final inspection. District Representative shall inspect work within a reasonable time and notify Bidder of any deficiencies. Bidder shall correct all noted deficiencies within the time specified herein. Should Bidder fail to correct deficiencies in an acceptable and timely manner, the District may, after written notice of default, accomplish the work in an expeditious manner, and charge Bidder the cost of work.
- u. **Safety Measures:** Reference Attachment A, "36. Safety Standards": In addition ... Bidder shall specifically warn its employees of the potential hazards of working in the proximity of students and of the necessity for them to exercise extreme caution.

Bidder shall be held responsible for the safety of its employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the worksite.
- w. **Asbestos:** Should any Bidder's personnel encounter materials that they suspect are embedded with asbestos, they should: (1) Stop all work at site and not disturb the area of suspicion; (2) Call the District Representative and advise of discovery; and, (3) Leave worksite until further notice subject to analysis of materials.
- x. **Protection:** Bidder shall take all necessary, ordinary and extraordinary precautions to ensure that District property is protected from Bidder's activities. Bidder shall be responsible for the protection of all District facilities and other improvements (i.e., vegetation, pavements, etc.) against operations that may be hazardous and/or damaging to said property. It shall be the responsibility of Bidder to notify District Representative of any unavoidable damage to District property that may occur prior to commencement of work. Such notification may relieve Bidder of all or part of responsibility for unavoidable damage or loss of property.
- y. **Utilities:** Bidder shall be cognizant of, and operate with due care in the vicinity of all existing surface and underground utilities. All underground utilities shall be located and appropriately marked prior to commencement of any projects requiring excavation in compliance with Chapter 556, Underground Facility Damage Prevention and Safety Act, F.S. It shall be the responsibility of Bidder to contact Sunshine State One Call of Florida and request a locate ticket for each project as required ([www.callsunshine.com](http://www.callsunshine.com), 811, or (800) 432-4770). The cost of coordinating all activities relating to this requirement shall be an element of the Bidder's overhead burden in the hourly labor rates bid.
- z. **Property Damage:** Bidder shall be liable for all damages to District and private property occasioned in any way by its actions or neglect or that of his agents or employees. All such damage or loss of property incurred as the result of Bidder operations, whether through negligence or the lack of proper care, storage, or handling, shall be the responsibility of Bidder to immediately restore or replace at own expense.

Should any public or private property be damaged or destroyed, the Bidder at its expense, shall repair or make restoration as is practical and acceptable to the District and owners of destroyed or damaged property, within five (05) business days of discovery unless a time extension is otherwise approved by the District. - aa. **Cleaning-up/Debris Disposal:** Bidder shall be responsible for scheduling periodic removal and proper disposal of all debris as a result of operations. The worksite shall be left in a safe and orderly fashion at the end of each workday. Accumulated debris shall not be allowed to create a safety hazard to student, staff, and general public. Debris shall not be burned, buried, left for a collector, or placed in a District solid waste dumpster at worksite. All disposal of debris shall be performed in a legal manner in accordance with existing State, County and City regulations. The District shall reimburse Bidder, upon submittal of paid receipt, for any waste disposal fees paid in association with such activities at a legal sanctioned private or municipal landfill. - ee. **Invoices:** Reference Attachment A, "42. Invoices". In addition...Bidder shall have the capability to provide accurate, reliable and timely invoices, statements, and credits. At a minimum, invoices shall contain sufficient information, as required by the District, to accurately determine the extent of services provided and accuracy of billing. Invoices that are received by the District that are not properly and correctly prepared or are not accompanied by support documentation (i.e., Work Proposal, Work Time Sheet) may cause delay of payment. Invoices shall contain, at minimum, the following information: invoice number; invoice date, date(s) of service; service location; description of services; and, number of billable hours per personnel classification. All hour times shall be rounded to the nearest quarter (1/4) hour.

The Purchasing Department shall work jointly and cooperatively with Bidder in resolving any delinquent payment issues.
- hh. **Final Payment:** It is agreed and understood that the issuance of final payment by the District shall constitute the closing of the project and the acceptance of final payment by Bidder shall constitute a waiver of all further claims relating to project. The making of final payment shall not constitute a waiver of any claims by the District and shall not relieve Bidder of the responsibility for negligence, defective materials, or workmanship to the extent within the period provided by law and by the warranties provided herein. SBAC reserves the right to partially pay (short pay) invoices should reasonable justification be presented by District Representative that all project work has not been satisfactorily completed.

**20. Equipment:** Bidder shall currently possess and have readily available all service vehicles, commercial grade equipment, hand/power tools, and accessories customarily used in the carpentry service trade, and as necessary to adequately and efficiently perform its contractual duties. Such equipment shall include any diagnostic instruments that may be required in the performance of work. Unless as otherwise permitted and expressly stated on Form of Proposal, the cost of customary equipment shall be an element of hourly labor rates bid. The District shall not be charged for any customary equipment deemed, in its opinion, to be standard or essential for the scope of services as described herein, or for auxiliary equipment utilized in support thereof. Furthermore, the District shall not be charged for any equipment down time due to failure, routine maintenance or cleaning.

Any such decision shall be final and conclusive. The failure of Bidder to commence or complete any project as a result of not having such equipment may be deemed as a default of contract.

**21. Specialty Equipment Rental:** In the event the scope of work requires the utilization of equipment that is customarily not provided, in the opinion of District, by carpentry service contractors in the normal course of work, the rental of such equipment shall be at the expense of SBAC. Any project requiring the provision of specialty rental equipment shall have the prior expressed approval of District Representative. The District shall reimburse Bidder all customary and reasonable rental fees at net cost plus (+) fifteen percent (15%). Should Bidder own and directly provide specialty equipment, reimbursement shall be based on customary and reasonable rental fees, as mutually agreed and substantiated by open market pricing. Equipment operator labor cost shall be based on the applicable hourly labor rate bid. Any other associated expense involved in the operation of the rental equipment shall be reimbursed to Bidder at actual cost. It shall be the responsibility to Bidder to submit paid receipts from the rental company and/or other vendors as condition of reimbursement. SBAC assumes no direct or implied responsibility for the theft, vandalism, injury or other undesirable actions occurring to or performed with any equipment rented by Bidder.

SBAC reserves the right to purchase materials from any source or via any procurement method deemed by the Purchasing Department to be in the best interest of the District. It is recognized that under certain conditions it may be more practical and cost-effective to directly acquire materials from Bidder on a limited basis. All such materials to be acquired from Bidder shall be approved by District Representative prior to purchase and installation, and shall be limited to six thousand dollars (\$6000.00) per project. All material purchases for any single project that are estimated to exceed \$6000.00 shall be subject to competitive quotation at the discretion of the Purchasing Department, in the time and manner that is in the best interest of the District. For purposes of this contract, the District has established a maximum mark-up limit of twenty percent (20%). It is understood that the actual percentage mark-up may be less than indicated depending on the type and quantity of materials, and the availability of any special volume pricing. Percentage mark-up shall remain firm throughout term of contract even though materials cost may change on a periodic basis.

Unless as otherwise permitted and expressly stated herein, pricing shall be firm and fixed for the term of the contract and any subsequent renewal periods.

Supplemental Services: As a supplement to contract, Bidder is requested to propose the percentage (%) mark-up to be applied to the cost of all directly purchased materials.

**24. Bid Tabulation/Evaluation:** During Bid tabulation process, the Purchasing Department shall assign and apply a weight factor (WF) to the hourly labor rate (HR) bid for each personnel classification as listed in order of precedence on Attachment C, Form of Proposal. For purposes of Bid tabulation, the assigned weight factor (WF) represents the projected percentage (%) that each classification will be utilized on an annual contract basis. Award Total shall be determined by the addition of all weighted hourly labor rates (WHR) after assigned weight factors (WF) have been applied (Example:  $HR \times WF (\%) = WHR$ ). Award of contract shall be made to one (01) or more responsive and responsible Bidders with the lowest Award Totals.

Supplemental Services: The mark-up (%) proposed by Bidder for the direct purchase of any materials shall not be evaluated or considered in Bid award. SBAC reserves the right to reject and negotiate proposed mark-up with the low, responsive and responsible Bidders if it is deemed to be in the best interest of the District. Furthermore, SBAC reserves the right to purchase materials from any source or via any procurement method deemed to be in the District's interest.

**25. Warranty:** Reference Attachment A, "25. Condition of Product/Services": In addition...All services provided by Bidder in the performance of this contract shall adhere to the customary, reasonable, and prudent standards of care as established within the industry, and quality of services shall meet or exceed that provided to other commercial customers. Specifically, Bidder shall warrant that all workmanship conforms to project specifications and be of the highest quality, free from faults and defects, for a minimum period of twelve (12) months. Payments in full or otherwise shall not constitute a waiver of this guarantee. It is agreed and understood that all services shall be performed to the complete satisfaction of SBAC. Should any services be required to be re-performed, such services shall be completed within three (03) business days of notification at no additional expense to the District. In the event Bidder fails to correct defects within specified time, the District reserves the right to have the work remedied by other service provider. In such case, Bidder shall be liable for all costs and expenses reasonably incurred by the District.

Any warranty coverage exercised in this contract shall be at no cost to the District.

**26. Service Complaints:** All performance related service complaints shall be reported by District Representative to Account Representative or other appropriate designated Bidder's representative. It shall be the responsibility of Bidder to promptly resolve reported complaints pursuant to the applicable terms of this Agreement. Consistent delays or unresponsiveness in addressing and resolving documented deficiencies in the performance of any part of this contract shall be recorded and considered in contract renewal evaluation as well as being a basis for contract termination.

**27. Habitual Violator:** Reference Attachment A, "47. Termination for Default": In addition...Should the District determine that the number of complaints at any project or cumulatively within the District be excessive, the Purchasing Department shall schedule a meeting with Bidder to discuss the specific issues. All aspects of proposed plan for corrective action shall be subject to approval of the Purchasing Department.

In the event that documented complaints have not been adequately resolved to the satisfaction of the District or Bidder's record of performance continues to show, in the opinion of the District, that Bidder is frequently, regularly or repetitively defaulting in the execution of any services required in this Agreement, and regardless of whether Bidder has remedied any individual complaint, Bidder shall be deemed a "habitual violator".
