

## Conage Continuum of Education Equity

Antipathy – actively or passively resisting, discouraging or impeding movement of oneself and/or others forward along the continuum

“Why do I/we have to do this?” “This is stupid.” “I’m sick of talking/hearing about this.” “We’ve been down this road before.” “I already to this stuff.” “This is too hard.” “It’s not really going to make any difference.” “This is their problem . . . they need to take responsibility.”
