The latest news and updates from W.W. Irby Elementary School

From the Principal's Desk:

Eagle Family,

I am humbled and honored to be able to serve as your 'very proud principal'. Irby Elementary continues to be an incredible place to grow and learn because of YOU!--the amazing families, students, teachers, staff and the 'Good Life' Community.

As W.W. Irby Elementary's 29th year comes to a close, I am thankful for all of the work by our PTA, School Advisory Council and countless volunteers. It is through the collaboration of many that Irby continues to SOAR above the rest.

As our 2nd graders fly to new adventures next year, I find myself reflecting on how much they have grown, both academically and as kind and caring children. Thank you for allowing me, along with all of the faculty and staff, to play a role in this development.

Be proud, be bold. Rise above the rest, for you have Eagle wings. You are an Irby Eagle and you are destined for great things.

I wish you well ❤️ ,

Your Very Proud Principal, Mrs. Floyd

CITIZEN OF THE MONTH

Congratulations to Irby's Citizen of the Month for March is Alden Lunsford

Irby Elementary is proud to have Alden Lunsford represent our school for the month of March. Alden spends his free time playing with his dog Roscoe. He also enjoys spending time outside relaxing and playing baseball. His favorite subject in school is math. He aspires to be a monster truck driver when he grows up. When asked about advice he has for his peers, Alden emphasized he would tell them to make good choices and always be willing to help others. Congrats! Alden

Home Internet and Technology Survey

Alachua County Public Schools is working to give more students access to devices and the Internet at home.

The federal Emergency Connectivity Fund provides funding for schools to cover the cost of Internet services and connected devices for students who don't currently have them. To help the district determine the needs of our families, we're asking you to respond to a short survey about your home technology needs.

Hard copies of the survey are being sent home with all students. Both an online version and a downloadable hard copy of the survey are also available at www.sbac.edu/techsurvey.

Thank you for taking the time to provide this information so that we can help ensure the success of every student!
