

**2024-25 District Advisory Council
Approved Development Meeting Minutes
January 6, 2025, 4 p.m.**

MEMBERS PRESENT: Taylor Gilfillan, Keith Watts

BOARD MEMBERS: Sarah Rockwell

DISTRICT STAFF: Dr. Kamela Patton, Superintendent
Jackie Johnson, Communication/Community Initiatives Director
Patty Underwood, Communications Office

MEETING BEGAN at 4:10 p.m.

APPROVAL OF MINUTES: Motion made by Keith Watts to approved the minutes of 12/11/24
Seconded by Taylor Gilfillan. Motion Passed

DISCUSSION TOPICS:

- Bathroom issues at GHS resolved
- Topics to be addressed at DAC meetings should be of districtwide concern and not specific to individual schools. Issues of more narrow concern should be shared with principals/worksite supervisors. Full DAC should discuss definition of 'districtwide concern.'
- Communication/community engagement concerning finances

Two topics were selected for discussion at the full January DAC:

TOPICS: 1) **Behavior Support:** It was agreed that Kathy Black, Executive Director of Students Services would be asked to make a presentation concerning the discipline matrix in the Code of Student Conduct. DAC would discuss whether it was working or not. If it is working, are there ways to improve it to make it more beneficial? In addition, the topic of PBIS and how it is working was suggested.

2) Superintendent Search: It was suggested that information about the search, including a timetable, be shared with the full DAC, which could then develop a list of characteristics for a new superintendent after collecting input from schools and the community.

Meeting over at 5:15 p.m.
