Gainesville, Florida, July 3, 2018—More than 9,600 of America’s best and brightest high school students traveled to Maryland to Elevate Their Futures as they competed for the opportunity to win more than $175,000 in cash awards.

The Future Business Leaders of America (FBLA) National Leadership Conference was held June 28–July 1 in Baltimore. Participants from across the United States and abroad attended this exciting conference to enhance their business skills, expand their networks, and participate in more than 70 business and business-related competitive events.

Business calculations is an event that consists of calculations performed in the business environment including consumer credit, mark-ups and discounts, data analysis and reporting, payroll, interest rates, investments, taxes, bank records, insurance, ratios and proportions, depreciation, and inventory.

The introduction to business event includes questions on money management, banking, investments, consumerism, the characteristics and organization of business, rights and responsibilities of employees, managers, owners, and government, career awareness, global business, ethics, and insurance.

“The nine students that attended the Future Business Leaders of America National Leadership Conference made me very proud for their dedication and commitment to have made it to this level and then for three to earn top honors shows the Academy of Finance group at Buchholz High School is a dream to work with,” said Michele Brothers, Director of the Academy of Finance and FBLA Advisor.
These awards were part of a comprehensive national competitive events program sponsored by FBLA-PBL that recognizes and rewards excellence in a broad range of business and career-related areas. For many students, the competitive events are the capstone activity of their academic careers. In addition to competitions, students immersed themselves in interactive workshops, visited an information-packed exhibit hall, and heard from motivational speakers on a broad range of business topics. The Buchholz students visited the Baltimore Aquarium, Baltimore Zoo and toured Washington DC on electric golf carts. Anything with air conditioning excited the students since temperatures with the heat index hit 105 degrees.

About FBLA-PBL, Inc.
Future Business Leaders of America-Phi Beta Lambda, Inc., the premier student business organization, is a nonprofit 501(c)(3) education association with a quarter million members and advisers in over 6,500 active middle school, high school, and college chapters worldwide.
